EXAMINER'S AMENDMENT

1. Newly submitted claim 17 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the new claim is directed to a locking mechanism, the original claims were directed to a combination of a locking mechanism and a vehicle seat. The locking mechanism of claim 17 requires details that have not been previously examined and are patentably distinct from the originally filed claims.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 17 is withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Larry Alexander on February 10, 2005.

The application has been amended as follows:

Please cancel claim 17.
